

2nd “Energy-Next” workshop

DATA: 8th March, 2016 (Tuesday)

PLACE: State Key Laboratory of Electrical Insulation and Power Equipment

SCHEDULE

Data	Time	
3月8日	8:30-8:50	Opening& Introduction to EISKL Prof.Li Shengtao, Xi’an Jiaotong University
	8:50-9:20	Organic-based Soft Batteries Prof. Hiroyuki Nishide, Waseda University
	9:20-9:30	Coffee break & Group photo
	9:30-10:00	Progress in Power Electronics Prof. Yang Xu, Xi’an Jiaotong University
	10:00-10:30	Ion-induced Changes in Refractive Index and Structure of Solid Dielectrics and Their Applications Prof. Yoshimichi Ohki, Waseda University
	10:30-11:00	Atomic-Layer-Deposition Nano-Glue to Protect Sn Anodes for Sodium Ion Batteries Prof. Han Xiaogang, Xi’an Jiaotong University
	11:00-11:30	Demand Response, PV control and Energy Resource Aggregation - Current Trend and Activities in Japan - Prof. Hideo Ishii, Waseda University
	11:30-12:00	Fault Detection, Isolation and Restoration in Distribution Network with DES integration Prof. Jiao Zaibin, Xi’an Jiaotong University
	12:00-13:30	Lunch
17:00-19:00	Academic Discussion
